

37+/- acres in Jackson County, Alabama

Located near the town of Woodville this tract is made up of mature Hardwood/pine timber mix and views overlooking a beautiful valley. This property is accessed via an easement off of County Road 525 in Woodville. This is typical Jackson County hill country with Limestone outcroppings, hardwood timber and abundant deer and turkey. This property lies on the ridge side overlooking the valley floor to the east and is bordered on the west by a secluded property that has recently been timbered. This property is a great transitional area for game moving between bedding and food. There are several flat benches that run through the property, ATV trail and a small water source located at the top of the western boundary. Offered at an affordable price this property fits the definition of Honey Hole. Located within 30 minutes of Huntsville and a short drive to Scottsboro this would be an easy property to hunt after work or for a quick morning hunt before work. Please reach out to me, Justin Chambers listing agent for more details and to set up a time to explore this great property.
