

60+/- acres in Lauderdale County, Alabama

If you have been looking for acreage to build or enjoy with your family close to the Shoals, then this is the property for you. This tract consist of about 30 acres in pasture and 30 acres in mixed hardwoods. A year-round flowing creek meanders through the hardwood bottom butting up to the pasture line. There is also a wooden hay barn with a concrete floor, loft, and a lean-to on each side. The pasture on this property held cattle a couple years ago so an existing barbwire fence could be repaired and used. There are multiple build sites on this tract that would have gorgeous views and privacy. The property has access from both CR 60 and CR 87. Drone pics coming soon. This one will not last long so give Josh a call today to schedule your showing!
