

57+/- acres in Tallapoosa County, Alabama

Located in Camp Hill, between Auburn and Lake Martin, in Tallapoosa County, this is a great property with plenty of Sandy Creek frontage! The property consists mostly of a young longleaf pine stand with beautiful mature hardwoods along the creek. If someone was looking to convert to pasture land, the pine saplings are still small and young enough to remove to make as much open/pasutre land as you need. This tract would also make a nice recreational hunting tract. With the gentle topography and the grassy/brushy understory, it provides fantastic bedding areas for wildlife.
