

30+/- acres in Montgomery County, Alabama

I love this place. It has a great combination of **hunting, fishing, and riding trails through the woods**, but also has a very nice **2 story log home to live in!** The home was **built in 2004** with 1976 sq ft according to the house plans and is a log home kit from Tennessee. This could definitely be a **permanent residence**. It has a **pond with bass and bream** and there is a **dense population of deer** on and around the property. Greenfields have been planted and there is a **mix of pines and hardwoods**. Pine Level Water provides water. Dixie Electric provides power. Amwaste provides trash pick up. The current owner has satellite television. Please call me with any questions and to see this gorgeous place. **Scott Mills 334-300-6663**

Land With Home • \$400,000
