

# 60+/- acres in Russell County, Alabama

A hunters dream ! This 60 +/- Acre tract has three very established food plots, with feeders and stands that come with the sale of the property. This tract is made up of mostly mature hardwood timber. On the property there are three RV electric hookups along with an in ground septic holding tank installed as well. There is a small cabin with a wood burning fireplace that was built in 2017. A very large creek runs through the property and has the potential to create great waterfowl habitat not being very far from the Chattahoochee River.
