

25+/- acres in Montgomery County, Alabama

It is very rare to get the opportunity to buy a smaller property in the Pike Rd area. This 25+/- acres is in Mathews, on the outskirts of Pike Rd, and shares the same beauty and peacefulness that is prevalent in this area. There are multiple homesites on the place, at least two of them overlooking the Pond. The timber is gorgeous and also presents multiple attractive settings for building. Old Pike Rd cannot be seen from the property, once you enter through a private drive. So, it is very private. There is wildlife on the property and could easily be hunted or used for viewing deer and turkey. Please call me to see this place. Scott Mills
