

5+/- acres in Elmore County, Alabama

What a beautiful place to build a home! Absolutely gorgeous, mature timber, a freshly mulched lot, peace and quiet; these are the things you will have when you build your home here. And it is less than a mile to the Lake Martin on Little Steel Bridge rd. You can also be in Eclectic, Central, Equality, Alex City, and Wetumpka within minutes. Due to the frontage on Little Steel Bridge and Granger, there are multiple places to have access to this beautiful lot. There is a minimum square footage of 1800 sq ft to build here and no mobile homes are allowed. Have woods and water right out your door when you live on this stunning lot. Also, there is additional acreage available. Call me with any questions. Scott Mills 334-300-6663
